On February 3, 2012, RA Garvin provided an update on sampling activities in Dimock to PADEP Secretary Krancer. Secretary Krancer expressed that what he heard from his staff indicated that there was sufficient coordination and communication occurring between PADEP and EPA office and field staff. RA Garvin indicated that EPA would keep PADEP informed on sampling progress and as results became available. RA Garvin also noted the upcoming meeting with Cabot; Secretary Krancer indicated that he would like to have PADEP staff present.
